    - c) (if available) and the total number of children in these households, in the 12 months to April 2017
- For ease, please place the requested figures into the table below:

Local Authority/ County council	Total number of households	Total number of adults	Total number of children
1) Living in accommodation provided by the local authority under section 17 of the 1989 Children’s Act at the end of April 2017	x x x		
2) Provided with accommodation by the local authority under section 17 of the 1989 Children’s Act, in the 12 months to April 2017	x x x		

Exemptions:  
 Section 12:  
 I understand that one exemption that may apply to this request is that described at Section 12(1) - 12(4) of the Freedom of Information Act, where “the authority estimates that the cost of complying with the request would exceed the appropriate limit”. If the council does refuse the request by relying on Section 12, I would respectfully ask that it comply with the Information Commissioner’s advice and confirm whether or not the information is held by the Council.

Section 16:  
 Further, I am available to help and assist the Council, and would be happy to refine the request, in order to reduce the time needed to provide the information requested. I would respectfully ask that the Council consider its duty “to provide advice and assistance” as set out at Section 16 of the Act. The Information Commissioner states in advice that the “a public authority should consider in these circumstances...how it can provide advice and assistance to help an applicant narrow, reform or refocus their request...”

Section 21:  
 If this information described in Question 1, 2 and 3 of this request is already publicly available and therefore exempt under Section 21 of the Act, I respectfully request that the Council inform me to where specifically it can be found.

Public Interest:  
 I do not believe that any of the Freedom of Information Act exemptions should apply to the information requested. However, in the case that the Council argues otherwise I now present some arguments as to why it would be in the public interest - and indeed in the interests of the council and the people it serves - to release the information I have requested.

1. There is a bias toward disclosure in the Freedom of Information Act itself, as there is a general public interest in transparency in public affairs.
2. There is a clear public interest in the efficient administration of public money and resources.
3. There is a legitimate aim in greater transparency in the inner workings and process of the management of assistance for homeless households
4. The publication of the information requested serves the interest of homeless households themselves in achieving greater transparency and comfort in the workings of their own housing situation.
5. Publication will enable charities in this sector to target resources at areas where people are in need, and where councils are having to provide assistance to many households
