

Auditor's report on the Best Value Performance Plan

Torridge District Council

Audit 2006/2007

External audit is an essential element in the process of accountability for public money and makes an important contribution to the stewardship of public resources and the corporate governance of public services.

Audit in the public sector is underpinned by three fundamental principles:

- auditors are appointed independently from the bodies being audited;
- the scope of auditors' work is extended to cover not only the audit of financial statements but also value for money and the conduct of public business; and
- auditors may report aspects of their work widely to the public and other key stakeholders.

The duties and powers of auditors appointed by the Audit Commission are set out in the Audit Commission Act 1998 and the Local Government Act 1999 and the Commission's statutory Code of Audit Practice. Under the Code of Audit Practice, appointed auditors are also required to comply with the current professional standards issued by the independent Auditing Practices Board.

Appointed auditors act quite separately from the Commission and in meeting their statutory responsibilities are required to exercise their professional judgement independently of both the Commission and the audited body.

Status of our report

The Statement of Responsibilities of Auditors and Audited Bodies issued by the Audit Commission explains the respective responsibilities of auditors and of the audited body. Reports prepared by appointed auditors are addressed to non-executive directors/members or officers. They are prepared for the sole use of the audited body. Auditors accept no responsibility to:

- any director/member or officer in their individual capacity; or
- any third party.

Auditor's report to Torridge District Council on its best value performance plan

Authority's Responsibilities

The Authority is responsible for putting in place proper arrangements to secure economy, efficiency and effectiveness in its use of resources, to ensure proper stewardship and governance, and to regularly review the adequacy and effectiveness of these arrangements. Under the Local Government Act 1999 (the Act) the authority is required to prepare and publish a best value performance plan summarising the authority's assessments of its performance and position in relation to its statutory duty to make arrangements to secure continuous improvement to the way in which its functions are exercised, having regard to a combination of economy, efficiency and effectiveness.

The authority is responsible for the preparation of the plan and for the information and assessments set out within it. The authority is also responsible for establishing appropriate corporate performance management and financial management arrangements from which the information and assessments in its plan are derived. The form and content of the best value performance plan are prescribed in section 6 of the Act and statutory guidance issued by the Government.

Auditors' Responsibilities

I am required by section 7 of the Local Government Act 1999 and the Audit Commission's statutory Code of Audit Practice to carry out an audit of the authority's best value performance plan, certify that I have done so, and report:

- any matters that prevent me from concluding that the plan has been prepared and published in accordance with statutory requirements set out in section 6 of the Local Government Act 1999 and statutory guidance; and
- where appropriate, making any recommendations under section 7 of the Local Government Act 1999.

Report and recommendations

I certify that we have audited the authority's best value performance plan in accordance with section 7 of the Local Government Act 1999 and the Audit Commission's statutory Code of Audit Practice.

In preparing my report I am not required to form a view on the completeness or accuracy of the information or the realism and achievability of the assessments published by the authority. My work, therefore, comprised a review and assessment of the plan and, where appropriate, examination on a test basis of relevant evidence, sufficient to satisfy me that the plan includes those matters prescribed in legislation and statutory guidance and that the arrangements for publishing the plan complied with the requirements of the legislation and statutory guidance.

On the basis of my audit work I recommend that the council should consider the following procedures in relation to the plan set out below.

- To comply with statutory guidance arrangements should be made for the plan to be formally adopted by members prior to its publication on 30 June each year.

Peter Lawrence
